Sightseeing Information

Bahrain History and City Tour

Bahrain, Bahrain

Discover the fascinating history and traditions of Bahrain that has its roots still intact in this contemporary Bahrain. The tour would include all the major attractions of the city to give a glimpse of the Bahraini world then and now.

Duration of tour: 4 hours

oThe Tour

One of the best way to explore the history and beauty of Bahrain is to be a part of our History and City Tour. We will start our journey with a visit to Beit Al Quran which is one of the island's most attractive pieces of architecture. It is the home to an immensely fair and valuable collection of Islamic manuscripts collected from different parts of the world. Our next stop will be at Al Fateh Grand Mosque which has world's largest fiber glass dome. The entire mosque is tastefully designed and it can accommodate more than 7000 muslims to offer prayer. Next milestone of our discovery will be a visit to the national Museum of Bahrain. It offers a comprehensive view of Bahrain and houses a wonderful collection of exhibits from contemporary Bahraini paintings, sculptures and ceramics to scenes depicting life in the Dilmun civilization more than 5000 years ago. We will then go to see the Twin Towers for a photo stop. This Twin Tower or Bahrain's World Trade center is 240 m (787 ft) high and located in Manama, Kingdom of Bahrain. It is the first skyscraper in the world to integrate wind turbines into its design. After exercising our photography skills, we will then head to the last stop of this journey the King Fahad causeway. This 25 km long bridge is among the longest bridges over the sea connecting Bahrain to Saudi Arabia. We end our journey with a pleasant drive through this causeway overlooking the sea.

oIncludes

Exclusive transportation by air conditioned vehicle, English speaking guide, mineral water and entrance fee wherever applicable.
